Hi TSE Marketing,

In the last 6 months, we have received the majority of our leads from Online marketing. We have received 100+ New Sign ups online and many of those leads turned into clients. Jon and his company are a real asset for a Law Firm looking to get leads in the door. I recommend a lawyer or any local business consult about doing Online Marketing before doing any traditional marketing. Our Website is on the first page of Google for over 20 Keywords. We are very happy and will continue to use TSE Internet Marketing Services to keep us at the top of Google and to keep bringing us new leads.

Jon has made himself available in a timely way for my ongoing queries related to my search engine optimization.

Sincerely,

M. Max Chaudhary
